

The Science of Learning Well...Together

Overview of Strategies to Promote Connection and Learning Regulation

Strategy #4

Developing Deep Understanding

Share questions and wonderings as a group, and elaborate on explanations to build deeper understanding.

Strategy #5

Get to the point!

Explain complex ideas and concepts to the group as an expert communicating to a novice.

Strategy #6

Justify that!

Collaboratively develop some prompts or question starts that can encourage elaboration and justification.

Strategy #7

Puzzle Pieces

Use the Jigsaw strategy to work interdependently on a topic.
