Preface

Thank you for participating in the Professional Experience program of The University of Queensland, School of Education Professional Experience Program – Bachelor of Education (Primary).

The University is extremely grateful to those schools and Teachers who are actively involved in mentoring and supporting our Pre-Service Teachers during their Professional Experience.

We appreciate the ways in which practical experience in a school setting provides our students with the opportunity to expand both breadth and depth of experience.

The work undertaken by school-based personnel, and the time and commitment you offer to work with our Pre-Service Teachers, is central to the success of the Professional Experience. We hope that the experience is also of professional value to you.

This handbook contains essential information for school-based personnel, Pre-Service Teachers and UQ Professional Experience facilitators.

The policies, Professional Experience structure and different roles of each of the stakeholders in the Bachelor of Education (Primary) Professional Experience program have been intentionally made available to all parties so that everyone involved is able to fully engage in, and meet the requirements of, each Professional Experience.

I hope that you enjoy The University of Queensland's Bachelor of Education (Primary) Professional Experience program.

Brianna Bright
Director of Professional Experience

Bachelor of Education (Primary) Overview

The Bachelor of Education (Primary) is an undergraduate Teacher preparation program meeting the Queensland College of Teachers requirements for entry into primary teaching. The program requires four years of full-time study and is designed to develop Teachers who will work across the primary year levels in a variety of school contexts and sectors. The program has been purposely structured to include periods of on-campus lectures, tutorials and workshops, alternated with Professional Experience placements in schools.

Primary Specialisations

A national and state education imperative is the requirement for all primary Pre-Service Teachers to undertake a subject specialisation throughout their program. Specialisations ensure Pre-Service Teachers graduate with expertise in one of the areas identified as a priority by the national and state governments, as well as responding to employer demands.

In the Bachelor of Education (Primary) and Bachelor of Education (Primary) (Honours) programs, there is a focus on the development of skills, understandings and attributes that enable graduates to demonstrate specialist capabilities in a choice of one of four areas:

- Mathematics and Numeracy
- Science
- English and Literacy
- Humanities and Social Sciences

In the Professional Experience placements for EDUC3750 and EDUC4750, supervising Teachers are required to include feedback on the Pre-Service Teacher's ability to teach effectively in their primary specialisation. Moderation of a Pre-Service Teacher's performance will also occur between the school and the university during the UQ Facilitator's visits and lesson observations. Refer also to Appendix H for guidelines for making judgements based on a Pre-Service Teacher's specialisation.

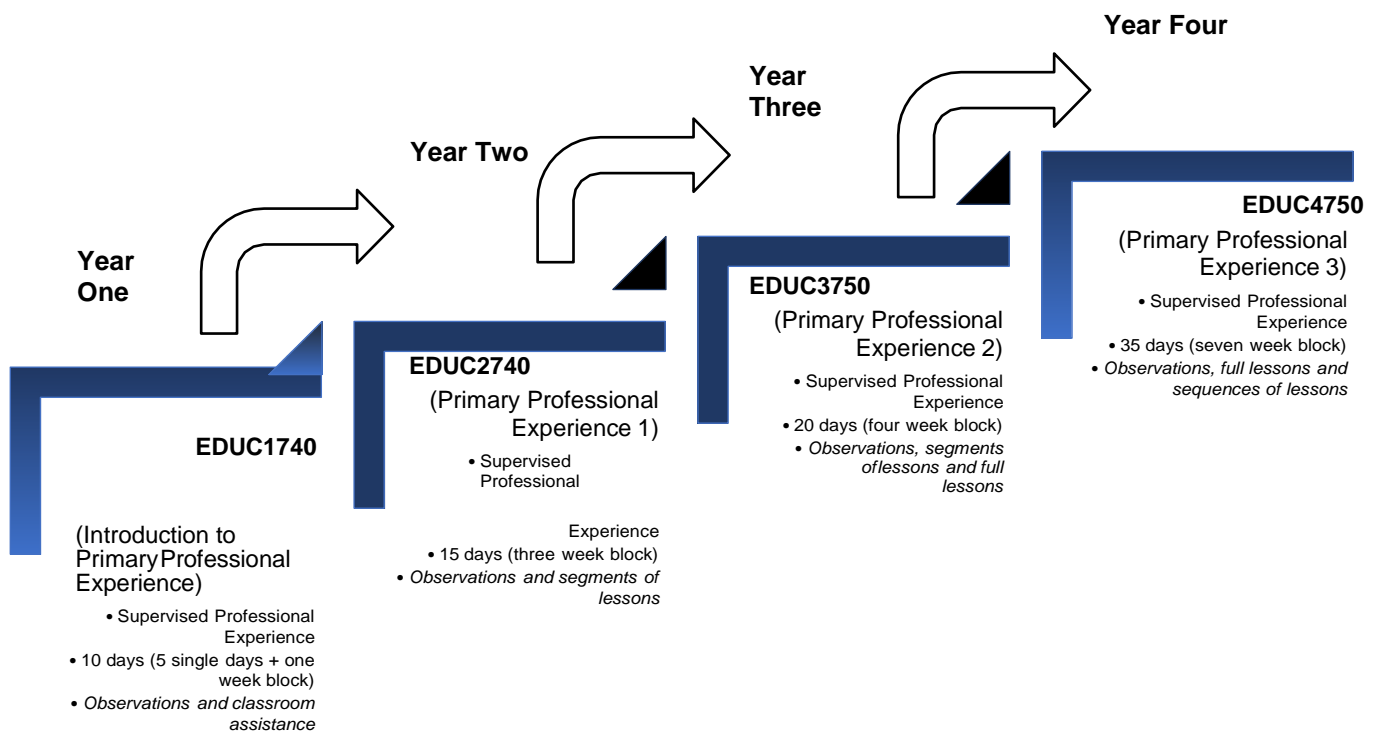

The Professional Experience Overview

Pre-Service Teachers entering the Bachelor of Education (Primary) program are at the start of a developmental continuum.

EDUC1740 provides their first in-school supervised Professional Experience with a focus on structured observations and hands-on classroom assistance. EDUC2740 provides an introduction to planning and teaching segments of lessons. As professional knowledge and skills develop, Pre-Service Teachers will be able to progress from observation of practice through the experience of closely supervised teaching practice in EDUC3750 to the level of consultative and collaborative practice appropriate to the roles and responsibilities of a beginning Teacher in EDUC4750. Strong emphasis is placed on classroom practice with placements designed to provide the opportunities for the development of the specific knowledge and skills required of a beginning Teacher. Pre-Service Teachers will be given an opportunity to demonstrate that they have reached the required level of professional competence during EDUC4750.

All placements are supported by a team of university facilitators, whose role is to liaise, visit, observe practice, and support the Pre-Service Teachers and school-based mentors. By the culminating Professional Experience course, Pre-Service Teachers will have had the opportunity across the Bachelor of Education (Primary) program to develop in all 37 focus areas within the Australian Professional standards for Teachers at the Graduate standard.

The Developmental Continuum for Professional Experience

- Communication within the classroom
- Creating safe and supportive learning environments
- Classroom and behaviour management

On the evaluation report the supervising Teacher must also include feedback on the Pre-Service Teacher's ability to teach effectively in their primary specialisation. Refer also to Appendix H for guidelines for making judgements based on a Pre-Service Teacher's specialisation.

Australian Professional Standards assessed within the school placement: 1.1, 1.3, 2.1, 2.2, 2.3, 2.5, 2.6, 3.1, 3.2, 3.3, 3.4, 3.5, 4.1, 4.2, 4.3, 4.4, 4.5, 5.1, 5.2, 5.4, 6.3, 7.1, 7.2

The **focus** of this block of supervised teaching practice is on the students' demonstration of an appropriate level of competence in meeting the relevant professional standards as set out in the Australian Professional Standards for Teachers; Graduate Career Stage as adopted by the Queensland College of Teachers (2012).

That is, the Pre-Service Teacher must:

- Demonstrate the appropriate levels of professional knowledge
- Demonstrate the skills required to plan for and implement effective teaching practice across the full range of learning activities incorporating teaching strategies, learning experiences and resources appropriate for the learning needs and styles of the students in the class

Note: The performance indicators describing the required levels of competence in each of the focus areas are given in the Professional Experience 3 Evaluation.

Structure:

- It is expected that Pre-Service Teachers make contact with the school prior to the start of the Professional Experience.
- In the first week Pre-Service Teachers are introduced to the class or classes they will be taking and briefed on the material to be covered in the various learning areas. They will be expected to prepare lessons and begin teaching later in this week.
- Pre-Service Teachers are expected to be planning for and teaching about 50% of a full time teaching load by the end of the Professional Experience.
- Pre-Service Teachers are expected to continue making structured observations of in-class and cross-school observations for the period of the supervised Professional Experience.

Providing ongoing feedback on performance:

The provision of feedback by the supervising Teacher is a critical feature of any placement. Feedback can be verbal, written on the copy of the plan submitted for the lesson or on the feedback forms provided. The Pre-Service Teacher should make notes on any feedback given verbally. The acceptance of constructive feedback and the incorporation of advice into subsequent planning is one mark of a reflective beginning Teacher.

Assessment:

In the last week of the supervised Professional Experience:

- an assessment of performance is made
- a Professional Experience 2 Evaluation is prepared and signed by all parties

The necessary forms are available online

Refer also to Appendix H for guidelines for making judgements based on a Pre-Service Teacher's specialisation.

*Pre-Service Teachers also undertake the **Graduate Teacher Performance Assessment (GTPA)** task in this course (please note - this task is assessed by the university only). The GTPA is an integrated assessment that connects the academic program and the Professional Experience, and in so doing connects research, theory and practice. The GTPA is a single culminating authentic summative assessment designed to demonstrate Pre-Service Teachers' ability to meet the Graduate Teacher Standards and to plan, teach, assess and reflect on their final-year professional practice (see Appendix E & F for further information).*

To be successful, the Pre-Service Teacher, on completion of the final Professional Experience must meet the Australian Professional Standards for Teachers (Graduate Career Stage) as adopted by the QCT by:

- Demonstrating a sound understanding of the importance of appropriate values and dispositions for teaching.
- Demonstrating the required level of performance in the three domains of professional knowledge, professional practice and professional engagement by designing and managing individual and group learning experiences that:
 - develop students' language, literacy and numeracy
 - are intellectually challenging
 - are responsive to the learning strengths and needs of students from diverse linguistic, cultural, religious and socioeconomic backgrounds
 - incorporate effective assessment and reporting of student learning
- Building effective relationships both within and beyond the school, that:
 - support the social development and participation of young people
 - create safe, supportive and stimulating learning environments

The Structure of the Professional Experience

Commencement of the Professional Experience - Orientation, Observation and Planning

The orientation, observation and planning period at the start of each Professional Experience placement provides Pre-Service Teachers with an introduction to the context of the school and the classroom.

During this period of time Pre-Service Teachers will:

- Meet school staff and the classes they will teach.
- Work with the supervising Teacher/s to plan the initial lessons.
- Begin the structured observations they will continue throughout the Professional Experience.
- Where possible, these observations could also take in the wider school setting or perhaps involve observation at other levels.
- Ensure that they are familiar with school policies including those on occupational health and safety and child protection.
- Familiarise themselves with the school layout, timetable and their own timetable.
- Note times and dates for any particular events such as staff meetings they should attend.
- Assist in the classroom in any way suited to their experience. This may include taking small groups of students or part of a lesson.

It would be appreciated if schools could prepare a timetable of activities for Pre-Service Teachers so that they are aware of their responsibilities while in the school.

Supervised Professional Experience and Teaching Load

As EDUC1740 is the first supervised Professional Experience opportunity for Pre-Service Teachers, it is expected that during this placement Pre-Service Teachers should be involved in “hands on observation”/classroom assistance. For EDUC2740, Pre-Service Teachers will continue observations and work towards teaching segments of lessons and full lessons.

The total teaching time during the Professional Experience for both EDUC3750 and EDUC4750 should approximate 50% of a full-time teaching load in the school. For EDUC3750, students should be teaching a 50% load by the end of the Professional Experience. For EDUC4750, students should be teaching a 50% load from week 2 of the Professional Experience. As schools use so many different arrangements it is difficult to be precise as to the number of lessons to be taught daily. The supervising Teacher may choose to team teach or to allow the Pre-Service Teacher to take parts of lessons in the early weeks.

Monitoring Pre-Service Teacher Performance

To be successful the Pre-Service Teacher must:

- Demonstrate:
 - a commitment to the profession of teaching
 - evidence of critical reflection directed towards improvement of teaching competencies
 - a sound knowledge of the content, processes and skills of the areas they teach
 - a sound knowledge of the relevant school policies on language, literacy and numeracy
 - a sound fundamental knowledge of the central concepts, modes of inquiry and structures of the discipline areas they teach
 - the use of appropriate strategies to establish learning environments in which individual and group differences are valued and respected and all students are treated equitably
 - the ability to work in partnership with other Teachers, professionals, paraprofessionals, Teacheraides and other relevant adults
 - the ability to set and meet personal work-related goals and priorities
- Establish learning goals and design learning plans that reflect relevant curriculum frameworks and are consistent with relevant school programs and policies.
- Communicate learning goals and plans to students.
- Select and use teaching and learning strategies and resources that are relevant to the specified learning goals and the learning needs of the students.
- Teach the language, literacy and numeracy skills necessary for students to achieve identified learning outcomes.
- Identify and know how to apply school and employing authority policies and procedures with regard to behaviour management and student safety.
- Identify and apply behaviour management strategies in a fair, sensitive and consistent manner.
- Know when and where to seek advice on matters associated with student learning and behaviour.
- Develop respectful, positive and constructive relationships that support students and foster positive attitudes to learning.
- Use teaching time, materials, resources and physical space effectively to establish a challenging, safe and supportive learning environment.
- Perform teaching and non-teaching duties in a manner that is consistent with employing authority and school policies and procedures and legal and ethical obligations of Teachers.
- Actively participate in any mentoring, coaching and other professional learning programs offered.

Reporting Pre-Service Teacher Performance

Feedback on progress in the form of feedback provided in notes written on lesson plans or on the Lesson Analysis form available on the School of Education website should be provided for each lesson taken by the Pre-Service Teacher.

In EDUC4750 a supervising Teacher completes an **Interim Evaluation** on Pre-Service Teacher Progress (available on the School of Education website) towards the end of week three (half way point) in the placement. This form should be signed by the Pre-Service Teacher, supervising Teacher and the school coordinator of Pre-Service Teachers before the **Pre-Service Teacher uploads the report to their UQ Blackboard site**. The Pre-Service Teacher retains the original copy of this report. If the supervising Teacher/school are concerned with the progress of the Pre-Service Teacher, an **'at risk' of failure form** must instead be completed (refer to page 26 for at risk process).

In the final week of the Professional Experience, the supervising Teacher/s will prepare the **final evaluation report** which is available on the School of Education website (for EDUC4750 this will be the Final Professional Experience Recommendations report, refer to page 18). The Pre-Service Teacher signs (using a digital signature) the form to indicate that they have read it. The form is also signed by the supervising Teacher and the school coordinator of Pre-Service Teachers. The Pre-Service Teacher retains the original copy. The school coordinator of Pre-Service Teachers arranges for a signed copy to be sent to UQ, via email, fax or mail, and retains a copy for their school records.

Cases where Immediate Action is required

The School of Education must be notified immediately in any case where the Pre-Service Teacher has failed to:

- Comply with the school's policy for the protection of young people.
- Comply with the school's policy on occupational health and safety.
- Comply with any lawful direction given by school supervising staff.
- Act in a professional manner.
- Meet attendance requirements.

The Final Professional Experience Recommendations Report (EDUC4750 only)

In the final week of the Professional Experience for EDUC4750, the supervising Teacher prepares the **Final Professional Experience Recommendations** report (available on the School of Education website, see also Appendix D).

The Final Professional Experience Recommendations report is a state-wide evaluation report used to assess Pre-Service Teachers on their final placement. The goal of this document is to measure the standard that has been achieved by a Pre-Service Teacher at the end of an initial Teacher education program, by comparing it against the Australian Professional Standards for Teachers (APST) Graduate Career Stage. Achieving the Graduate Career Stage illustrates the readiness of the Pre-Service Teacher to enter the workplace.

In order to successfully pass this final practicum, Pre-Service Teachers MUST receive ticks for ALL criteria in either the Graduate level (G) or Exceeding Graduate level (E) columns. If a supervisor believes a Pre-Service Teacher will not meet at least Graduate level for all criteria, UQ must be contacted immediately and the **at risk of failing process** started straight away. If you have concerns regarding a Pre-Service Teacher's progress, please contact the relevant UQ Facilitator in the first instance.

In Section 7 – Overall Comments, the supervising Teacher must also include feedback on the Pre-Service Teacher's ability to teach effectively in their primary specialisation.

This document must be completed electronically and requires the use of digital signatures by all parties involved in completing the report. The following process should be followed:

- The Pre-Service Teacher must fill out page 4 prior to the report being completed by the supervisor (**please indicate the primary specialisation**). The report must also be completed in collaboration with UQ, for example, any concerns or queries should have been identified by the school at the interim period. There will be further opportunity for the school to discuss/moderate a Pre-Service Teacher's progress when the UQ facilitator attends the school to observe a lesson.

- Once the report has been completed by the supervising Teacher, the Pre-Service Teacher signs thereport to indicate that they have read it (Section 9 - Signatures).
 - The report is then signed by the supervising Teacher (Section 9 - Signatures).
 - The school coordinator of Pre-Service Teachers must sign Section 8 - Moderation.
 - The Pre-Service Teacher retains an electronic copy.
 - The school coordinator of Pre-Service Teachers arranges for an electronic copy to be sent to UQ via email and retains an electronic copy for the school records.
 - **It is the pre-service Teacher's responsibility to also upload the report to Blackboard in order for the UQ facilitator to sign the report (Section 8). The university will not consider the report finalised until it contains the following signatures: Pre-Service Teacher, supervising Teacher, school coordinator and UQ facilitator.**

Roles and Responsibilities of Stakeholders

Pre-Service Teachers' Roles and Responsibilities

The following notes are taken from the material given to Pre-Service Teachers prior to commencement of any in-school Professional Experience:

For the period of any supervised teaching practice, Pre-Service Teachers cannot take sole responsibility for the oversight of students and must ensure that they are in the company of a registered Teacher in any situation where students are in their care.

Pre-Service Teacher's relationships with school-based supervisors

As a Pre-Service Teacher you are a guest in the school and, although you cannot legally assume the full responsibilities of a qualified Teacher, you are regarded as a temporary staff member, responsible to the principal. You are required to consult with your school-based personnel, and particularly your supervising Teacher, as frequently as possible. The supervising Teachers are ready to help, but their time is limited and it is your responsibility to find a time to meet within their other commitments.

While in the school you must work in partnership with other Teachers, professionals, Teacher aides and other relevant adults and perform any duties or tasks in a manner that is consistent with the policies and procedures of the employing authority and school, and the legal and ethical obligations of Teachers. Experimentation with a variety of teaching methods is encouraged, but the class remains the supervising Teacher's responsibility throughout the Professional Experience, and their advice on what is suitable or practical for the class should be sought and followed.

Pre-Service Teacher's relationships with school students

The kind of relationship with students to strive for is one based on mutual respect. This can be fostered by quickly learning the names of the students you teach, treating them with courtesy, and maintaining a high level of interest in their progress and in your teaching. You should quickly discover the interests and academic strengths and areas of development of your students. You should require courtesy and firmly insist on considerate behaviour from them towards you and all others. You should identify and know how to apply school procedures with regard to classroom management and student safety.

Pre-Service Teacher's participation in general school activities

You are expected to assist with playground supervision, sports supervision, and other work as requested by school-based personnel during the supervised teaching Professional Experience. However, while your involvement in a wide range of teaching situations is a valuable part of your school experience, you cannot legally take sole charge of school students.

Opportunities for observation and/or participation could be:

- Attendance at staff or faculty meetings
- Involvement in co-curricular activities
- Attendance at school excursions or formal school occasions
- Attendance at professional development activities

Professionalism

The School of Education expects that Pre-Service Teachers will demonstrate a professional manner by:

- adhering to the QCT's 'Code of Ethics for Teachers in Queensland' found here <https://www.qct.edu.au/standards-and-conduct/code-of-ethics>
- complying with statutory requirements, in particular with those involving occupational health and safety and child protection. Please speak to your course coordinator for further information.
- maintaining confidentiality and discussing these matters if needed ONLY with the appropriate staff within the School of Education and/or the host school
- respecting the ethos of the host school
- understanding that you are a guest of the host school and you must follow the direction of the Principal or other designated staff
- understanding the role of the supervising Teacher as a supervisor and mentor
- participating fully in the role of a Teacher on the days of attendance. Please refer to section addressing the 'attendance policy'
- adhering to any dress or conduct codes
- using appropriate language at all times
- not using your mobile phone at all during your Professional Experience while at your host school, unless under exceptional circumstances
- complying with all other instructions from the host school and UQ staff
- completing all designated tasks according to deadlines and requirements. When observing a class and making notes, these must not be judgmental, as you are not assessing performance. You do not yet have the professional knowledge or experience to do that
- restricting the scope of the observation to the focus area given to you by the course coordinator or as discussed with your supervising Teacher

Non-compliance with a directive from the School of Education or placement school staff may result in a placement being withdrawn. In this instance, you may be required to withdraw from the UQ course with the placement component and if so, you may incur academic penalty or financial liability. You will also be required to complete the course in full in a future semester.

Attendance

The School of Education expects Pre-Service Teachers to:

- check the School of Education Professional Experience Calendar found on the School of Education webpage > current students > Professional Experience <https://education.uq.edu.au/current-students/professional-experience-information>
- check their timetable in MyTimetable to ensure they are available to attend the placement as scheduled.
- be punctual in attendance on all placement days.
- arrive/leave the placement in accordance with placement school policy and the requirements of tasks on the particular day. This will include allowing time for discussions with your supervising Teacher or other members of the school staff involved in your placement. As a guideline, you should expect to be at the placement school between 8am and 4pm or as otherwise required by the placement school administration. You may be required to complete lesson preparation and marking outside of these hours, as well as attend before or after school meetings.
- report, in the case of absence through illness, to the placement school and follow all relevant procedures in relation to providing any necessary documentation or lesson plans

if required. You must also notify the School of Education and UQ facilitator in writing of the absence and the make-up days negotiated with the school.

- provide the School of Education with a medical certificate for absences greater than 3 consecutive days. The placement school *may* request a certificate for less than 3 days as part of the school's absentee procedure.
- refrain from leaving early, or display any general lack of punctuality for work/study/social related reasons.
- make immediate contact with the school coordinator and provide a detailed explanation of the issue to your UQ facilitator by email in the case of any serious problems arising. In the absence of a UQ facilitator (i.e. for single day observations) please contact the course coordinator.
- make up any days missed due to illness or public holidays etc *except* those Pre-Service Teachers who have a public holiday fall during a multiple week-long Professional Experience 'block'. Make up days are *not* required in this instance. Alternative placement days cannot be negotiated for personal commitments such as work, sport, or social commitments.
- immediately contact the School of Education if you have an unavoidable timetable clash with your scheduled placement day.
- understand that alternative commencement/completion dates for multiple week-long Professional Experience 'blocks' are not permitted to be changed without prior approval of the Director of Professional Experience, the School of Education and relevant placement school. Alternative dates will not be approved for work, sport or social commitments unless there is evidence of extenuating circumstances.
- realise that if you do not meet the attendance requirements of your Professional Experience, you may have your Professional Experience withdrawn. If it is decided the placement needs to be withdrawn, you may also be required to withdraw from the relevant UQ course and will incur any financial liabilities or academic penalties.

Lesson Plans

You are required to:

- Develop written plans for each lesson or activity taught
- Discuss the lesson/activity plans with the supervising Teacher prior to the lesson/activity. The timing of the initial presentation of the plan to the supervising Teacher is a matter for the supervising Teacher but it is expected that the plan is presented, discussed and approved no later than 24 hours prior to the lesson/activity. **You must not teach any lesson/activity unless the written plan has been presented to, and approved by, the supervising Teacher.**

Personal Reflections

You are required to complete a personal reflection after every lesson, lesson segment or activity presented. This reflection should be approximately **150-200 words** and should consider the following two questions: **what went well and what would you improve for next time.**

Observation of lessons

You are required to observe lessons and to make notes on these observations.

The observation periods are as important as the teaching periods; they will ensure that you experience a wide range of learning situations and interactions with varying age groups.

You should discuss salient aspects of the lesson observed with your Teacher.

Apart from observations of lessons given by school staff, you should make general observations of as many aspects of the life of the school as possible.

Observation of and, if applicable, participation in aspects of general school life should continue through the period of the practicum.

Classroom observations are intended to develop understanding of:

- Student learning
- A range of teaching strategies and the way in which these are varied to suit the context and the student group
- The skills and techniques required for effective communication
- The relationship between long and short term planning and successful practice
- The roles monitoring and assessment play in teaching and learning.

Roles and responsibilities of host school personnel

The personnel involved will include the school coordinator of Pre-Service Teachers, the supervising Teacher and other school personnel who take a role in Professional Experience supervision of our Pre-Service Teachers. The roles and responsibilities outlined below are generic and may be undertaken by other personnel as appropriate.

The school coordinator of Pre-Service Teachers

The school coordinator of Pre-Service Teachers oversees the Professional Experience within the school.

The school coordinator (or delegate) must induct (e.g. site induction, emergency procedures, incident hazard reporting mechanisms) the Pre-Service Teacher into the school's **Occupational Health and Safety policy** and discuss the ways in which the various aspects of the policy will affect the Pre-Service Teacher during the Professional Experience. Where possible the Pre-Service Teacher should be supplied with a copy of the policy.

The school coordinator organises supervision and teaching timetables for Pre-Service Teachers. The school coordinator may arrange meetings with the Pre-Service Teachers, at which advice and information may be given on organisational aspects of the school. Some suggested discussion items include: types of student records, assessment procedures, work programs, school report forms, discipline, parent and community relations, finance, teaching aids, library facilities and staff committees.

The school coordinator may also arrange for the Pre-Service Teachers to confer with key members of the staff, such as the Teacher librarian, learning support or guidance counsellors to provide Pre-Service Teachers with insight into other facets of the life of the school community. The school coordinator may make arrangements for Pre-Service Teachers to engage in non-classroom experiences such as assisting Teachers with playground supervision and may encourage Pre-Service Teachers to take part in extra-curricular school activities. The Pre-Service Teacher should be told of any policies re the availability and use of ICT and photocopiers.

The Supervising Teacher

The supervising Teacher has a key role in the professional preparation of future teaching colleagues by offering close tutorial assistance, support and evaluative advice over the Professional Experience period.

We require that supervising Teachers:

- Have at least 2 to 3 years of teaching experience and must have full Teacher registration status through the Queensland College of Teachers
- Are recommended/identified as a suitable mentor by the Principal/Deputy Principal/Head of Department/Lead Teacher
- Have a genuine interest in helping to support, guide and mentor Pre-Service Teachers
- Understand and appreciate that working with Pre-Service Teachers is a mutually beneficial experience
- Are able to liaise with our UQ Professional Experience Facilitators in the interests of improving the performance of our Pre-Service Teachers

We request that supervising Teachers offer the following guidance to Pre-Service Teachers. This statement is based on the Agreement on Teaching Practice negotiated by the Teachers' Unions and Universities.

- During the first day of the placement, discuss an appropriate pattern of observations and teaching with the Pre-Service Teacher.
- Provide induction on school policies and procedures particularly OH&S and Child Protection policies (this may also include providing Safe Operating Procedures for classes in labs).
- Provide the Pre-Service Teacher with copies of, or access to, the relevant portions of the school work program or planning documents, and with details of teaching topics, timetables and resources. This enables preparation in advance of lessons and/or units or sequences of lessons.
- Advise the Pre-Service Teacher on planning a sequence of lessons and learning experiences appropriate to the age, abilities and motivational levels of the class members, and to the stage of development of the Pre-Service Teacher.
- Peruse any Pre-Service Teacher's lesson or unit plans before the lesson or unit, and provide any help that seems appropriate. Pre-Service Teachers should not teach any lesson unless the written plan has been submitted to the supervising Teacher for review prior to the implementation of the lesson.
- Comment on lessons given, verbally and/or by means of written comment at the foot of the lesson plan or on the template provided. The performance indicators set out in the Professional Experience Evaluation should be used to provide formative evaluation.
- Provide guidance on class management procedures and on the broader school policies and procedures.
- Provide a wide range of observation situations.
- Discuss class evaluation (feedback) and assessment procedures with the Pre-Service Teacher.
- Foster a 'co-Teacher' or 'teaching colleague' or 'mentoring' relationship with the Pre-Service Teacher.
- Provide guidance on overall development as a Teacher.

Roles and Responsibilities of UQ School of Education Staff - Professional Experience Facilitators

The University of Queensland has facilitators (experienced educators) who provide ongoing contact between Pre-Service Teachers, school staff and The University of Queensland during the Professional Experience when appropriate.

The UQ facilitator:

- Provides support for Pre-Service Teachers, supervising Teachers and the school coordinator of Pre-Service Teachers.
- Makes contact with the school coordinator of Pre-Service Teachers early (first week) in the Professional Experience.
- Negotiates a pattern of contact and visits. Time constraints may make a visit impractical in some cases involving a rural/regional placement. In these cases, contact will be by e-mail, Zoom and phone.
- Follows school policy with regard to contact with the school coordinator of Pre-Service Teachers and supervising Teachers.
- Meets with each Pre-Service Teacher on each visit to the school at mutually suitable times.
- Arranges meetings with both the supervising Teacher and the Pre-Service Teacher together at least once during the Professional Experience, where possible. If all is going well this can be brief and informal.
- Provides emergency contact details to the school coordinator of Pre-Service Teachers with alternate contact available via the UQ Professional Experience Placements Coordinator. The UQ facilitators may provide phone and e-mail contacts for authorised school staff use only.
- Provides support and advice in any case where there is evidence that a Pre-Service Teacher is not performing at a satisfactory level in any areas of the evaluation, fails to behave in a professional manner or breaches school policies/procedures or statutory requirements.
- Participates in at-risk meetings if any are held and submits at-risk documents to the School of Education
- Follows-up on remediation programs that may have been put in place for a Pre-Service Teacher.
- Observes practice where this is a requirement of the particular Professional Experience or is requested by the Director.
- Will, if requested by school personnel, arrange to observe practice.
- Feeds information, concerns or queries back to the School of Education's Director of Professional Experience.

Concerns Regarding Pre-Service Teacher Professionalism and/or Performance

The School of Education must be notified immediately where the Pre-Service Teacher has failed to:

- Comply with the school's policy for the protection of young people.
- Comply with the school's policy on occupational health and safety.
- Comply with any lawful direction given by school supervising staff.
- Act in a professional manner.
- Meet attendance requirements.

At any stage of the supervised Professional Experience, if there are any concerns about the demonstrated performance of a Pre-Service Teacher the University should be contacted immediately. In the first instance, **contact the UQ Professional Experience Facilitator**. In these few cases where host school staff personnel have concerns, it is critical that the process required under the University of Queensland Policies and Procedures for Placements is followed.

Dealing with concerns regarding Pre-Service Teacher performance:

This involves open discussion and the close cooperation of all parties involved in the placement to ensure the best outcome. In most of these cases, structured analysis of the problem, quick intervention and timely direction will lead to success. If at any time during that period of supervised teaching practice there is any concern that the Pre-Service Teacher **may not be successful** the **“At Risk of Failure” procedure** must be followed.

- An “At Risk” interview (initiated by the school or UQ Facilitator) must be arranged with the Pre-Service Teacher, school Professional Experience coordinator, the supervising Teacher/s and the UQ Facilitator or representative from the School of Education. At this interview the Pre-Service Teacher must be notified that he/she is considered at risk of failure. The school Professional Experience coordinator outlines the concerns and provides guidelines for addressing the concerns.
- Where possible the UQ Facilitator or a representative from the School of Education will be present during the school’s ‘At Risk’ interview with the Pre-Service Teacher.
- An “At Risk of Failure” form (see Appendix F) must be obtained from this handbook or School of Education’s website.
- For Part A of the at-risk process, areas of concern are identified in writing at the at-risk meeting, which is attended by the Pre-Service Teacher, school Professional Experience coordinator, supervising Teacher and UQ facilitator. All parties identify actions or strategies that will be put in place by the Pre-Service Teacher to try and improve in the identified areas. Part A of the form is signed by all parties. The original should be given to the Pre-Service Teacher, one copy emailed to the School of Education and copies retained by the school.
- After the at-risk meeting in Part A, the Pre-Service Teacher is provided with an opportunity to consult one-on-one with the UQ facilitator to raise any issues of concern.
- Following the at-risk meeting for Part A of the process, the Pre-Service Teacher is strongly encouraged to complete a personal reflection and detailed action plan for how they will aim to improve in the identified areas.
- In the lead-up to the review meeting (Part B of the process), the UQ facilitator checks in with the placement school and the Pre-Service Teacher as to the progress of the Pre-Service Teacher.
- Improvement to a predetermined satisfactory standard in the areas identified in Part A of the at-risk process must be shown by the Pre-Service Teacher within one week of the meeting date. At the review meeting (Part B of the at-risk process), which is attended by the UQ facilitator, all parties are to advise to what extent there has been improvement in the areas of concern identified in Part A. At this point the school and supervising Teacher indicate whether or not the Pre-Service Teacher has demonstrated satisfactory improvement to continue with the Professional Experience placement. If progress has been demonstrated and if needed, the plan is revised and new/continuing steps are outlined so the process is iterative to ensure progress continues. If there is not satisfactory progress made and it appears unlikely the Pre-Service Teacher can be successful in the placement, the school can decide to terminate the placement.
- The outcome of the Pre-Service Teacher’s Professional Experience placement will be formally documented on Part B of the “At risk of Failure” form. The original should be given to the Pre-Service Teacher, one copy emailed to the School of Education and copies retained by the school.
- The placement school’s final decision is then communicated to the Director of Professional Experience/or Course Coordinator via the UQ facilitator.
- The Director of Professional Experience/or Course Coordinator makes contact with the Pre-Service Teacher regarding their options for moving forward with the program.

Resources for Supporting Supervising Teachers

Schools and Teachers play an integral role in the Professional Experience and therefore the School of Education recognises and acknowledges the importance of providing ongoing support and professional development to the school site coordinators and supervising Teachers that host and supervise our Pre-Service Teachers. The supervising Teacher/Pre-Service Teacher relationship has the potential to be mutually beneficial and as such there are a number of resources, documents and programs that are available to best support and facilitate this effective partnership. Support materials are available through the School of Education, the Queensland College of Teachers and the Australian Institute of Teaching and School Leadership.

The School of Education (UQ)

<https://education.uq.edu.au/thank-you-mentoring-years-cohort-pre-service-Teachers-university-queensland>

During the year the School of Education invites interested supervising Teachers to attend the Supervising Teacher training program which was developed by the QCT and the Department of Education and Training. The purpose of this training package is to support supervising Teachers in interpreting the Australian Professional Standards for Teachers (Graduate career stage) and the evidence requirements for Professional Experience assessment decisions regardless of context.

The School of Education website also provides access to lesson analysis feedback templates and other documentation that are designed to assist supervising Teachers during the Professional Experience.

Queensland College of Teachers (QCT)

<http://qct.edu.au/teaching-in-queensland/supervising-professional-experience>

The QCT has produced a companion document to support supervising Teachers in making evidence-based, consistent decisions and providing constructive feedback about the Pre-Service Teachers' demonstration of the *Australian Professional Standards for Teachers* (Graduate career stage).

Through the QCT website there are also other resources available to assist supervising Teachers to support and assess Pre-Service Teachers during Professional Experience placements, and to build knowledge and skills in mentoring.

Australian Institute of Teaching and School Leadership (AITSL)

<http://www.aitsl.edu.au/initial-Teacher-education/supervising-preservice-Teachers>

Supervising Pre-Service Teachers is an interactive and self-directed online professional learning program aimed at enhancing Teachers' knowledge, skills and confidence to effectively supervise Pre-Service Teachers.

The program is relevant to Teachers who are supervising a Pre-Service Teacher or thinking about a supervisory role. It may also be useful for school leaders, school-based practicum coordinators, and those taking on other mentoring roles.

The program consists of four flexible learning modules:

- effective partnerships
- practice analysis
- making judgements
- unpacking the Graduate Standards

Queensland Professional Experience Reporting Framework

Final professional experience recommendations

Final Professional Experience recommendations

This document is part of the suite of documents for the *Queensland Professional Experience Reporting Framework* which can be found online at www.teach.qld.gov.au.

The goal of this document is to measure the standard that has been achieved by a Pre-Service Teacher at the end of an initial Teacher education program, by comparing it against the Australian Professional Standards for Teachers (APST) Graduate Career Stage. Achieving the **Graduate Career Stage** illustrates readiness of the Pre-Service Teacher to enter the workplace.

This template is to be completed during the final summative Professional Experience required in initial Teacher education programs. It has been developed for the use of all Queensland higher education institutions and in all Professional Experience settings.

Final Professional Experience recommendations are required by:

- higher education institutions to determine a final assessment score for the Professional Experience component of an initial Teacher education program, based on a school's Professional Experience recommendations
- employers as a key document in a Pre-Service Teacher's professional folio to inform recruitment and employment decisions.

Supervising Teachers are to:

- make assessment judgements using the APST Graduate Career Stage descriptors. The APST descriptor reference numbers have been provided linking further information and **Illustrations of Practice**.
- complete this final Professional Experience recommendations document during a Pre-Service Teacher's Professional Experience

conduct a moderation process with site coordinators and higher education institution representatives at the conclusion of the Professional Experience. Moderation requires the agreement of all parties that a valid assessment of the Pre-Service Teacher's knowledge, practice, engagement and skills has been made.

Supervising Teachers are not required to provide an overall assessment score for the Pre-Service Teacher; this is determined by higher education institutions as part of their assessment processes.

APST Graduate Career Stage descriptors have been grouped to assist the supervising Teacher's observation and assessment of Professional Experience. All sections are weighted evenly. Some descriptors are dependent on context so may not be assessable for all Pre-Service Teachers during the final summative Professional Experience. A single piece of evidence may address multiple descriptors, including those in several sections of this form.

Higher education institutions are encouraged to use this document as a basis for non-summative Professional Experience reporting templates used at earlier Professional Experience placements.

Assessment ratings	
Exceeding graduate level (E)	Consistent evidence of knowledge, practice and engagement that exceeds the APST descriptors at the Graduate Career Stage.
Graduate level (G)	Consistent evidence of knowledge, practice and engagement that demonstrate the APST descriptors at the Graduate Career Stage.
Developing towards graduate level (D)	Awareness of the descriptors at the APST Graduate Career Stage but demonstrates inconsistent knowledge, practice and engagement at this level.
Below graduate level (B)	Little or no evidence of knowledge, practice and engagement or awareness that meet the descriptors at the APST Graduate Career Stage.

1. About the graduate Teacher performance assessment

What is the Graduate Teacher Performance Assessment?

The Graduate Teacher Performance Assessment (GTPA) is an integrated assessment that connects the academic program and the Professional Experience, and in so doing connects research, theory and practice. The GTPA is a single culminating authentic summative assessment undertaken in a final-year Professional Experience placement. It includes five practices; planning, teaching, assessing, reflecting and appraising. It provides evidence of Pre-Service Teacher's competence for classroom practice and their ability to meet the Australian Professional Standards for Teachers at the Graduate level (AITSL, 2011).

Why has the GTPA been developed?

In a move to strengthen initial Teacher education (ITE) programs, the Education Council, comprising all Australian Education Ministers, endorsed the revised National Accreditation of Initial Teacher Education Programs in Australia: Standards and Procedures in December 2015. Program Standards 1.2 requires that "pre-service Teachers ... have successfully completed a final-year teaching performance assessment prior to graduation" (p.10).

The GTPA is an authentic, research-informed Teacher performance assessment developed to:

- meet the new national requirement for all preservice Teachers to undertake an authentic culminating summative assessment to demonstrate professional readiness. As indicated below, the official Trial of the GTPA was completed and the report accepted by AITSL in 2017.
- Enable Teachers in their final year to demonstrate their ability to engage with the full cycle of teaching practice.
- enable Pre-Service Teachers to demonstrate the impact

- their teaching has had on student learning.
- Incorporate planning, teaching, assessing, reflecting on and appraising teaching practices as an integrated process.
- align with existing state based practices and partnerships between universities, Teacher employers and other education stakeholders.
- respond to and align with the Graduate Teacher Standards.

How does the GTPA work in different Professional Experience contexts and across early years, primary, secondary, or special education sites?

The GTPA is designed to enable any Pre-Service Teacher to demonstrate authentically the planning, teaching, assessing, reflecting and appraising of teaching practices regardless of school context, year level of teaching, discipline or speciality. This includes a primary teaching specialisation, a teaching major in secondary education, or teaching in a special education site.

The objective of the GTPA is to enable preservice teachers to demonstrate their ability to engage with the full cycle of teaching practice in a final-year professional experience placement.

Fact sheet - Schools and supervising Teachers

How does the GTPA fit within the classroom planning and teaching?

The GTPA learning sequence or unit of work undertaken by the Pre-Service Teacher is part of the overall planned teaching, learning and assessment for the term (Diagram 1).

Pre-Service Teachers will develop and implement a learning sequence or unit of work, with accompanying assessment for formative and summative purposes. Completing the GTPA involves the collection and use of evidence of a range of types. Evidence is used to 1) inform teaching, 2) monitor student learning, and 3) gauge the effectiveness of teaching and its impact on student learning.

Student learning is at the core of the GTPA. In completing the GTPA, Pre-Service Teachers focus on whole class teaching and differentiate practice. To demonstrate differentiation in whole class contexts, the Pre-Service Teacher identifies three focus students to represent the range of achievement levels in the class. The Pre-Service Teacher presents evidence of practices they implemented to remove barriers to student learning. The connections between theory and practice form part of this evidence.

In addition, the GTPA includes two purposefully selected scenarios (actual teaching and learning episodes/events/ incidents) that illustrate pedagogic decisions that informed teaching strategies. The scenarios are to demonstrate 1) whole class teaching, and 2) teaching to meet the learning needs of individuals and small groups.

What kind of student data and evidence supports completion of the GTPA?

The student data and evidence of learning that Pre-Service Teachers collect, analyse and use for the GTPA is of the range and type that the classroom Teacher accesses to

inform decisions about planning for optimal student learning. This may include data and evidence for diagnostic, formative and summative purposes, and for whole class, small group and individual teaching. Please note that in using this data and evidence to inform their teaching decisions, Pre-Service Teachers are bound by professional code of conduct, including confidentiality.

What makes this an authentic assessment?

In completing the GTPA, Pre-Service Teachers are required to align curriculum, assessment and pedagogy, and teach general capabilities including literacy and numeracy as part of the requirements in the Australian Curriculum.

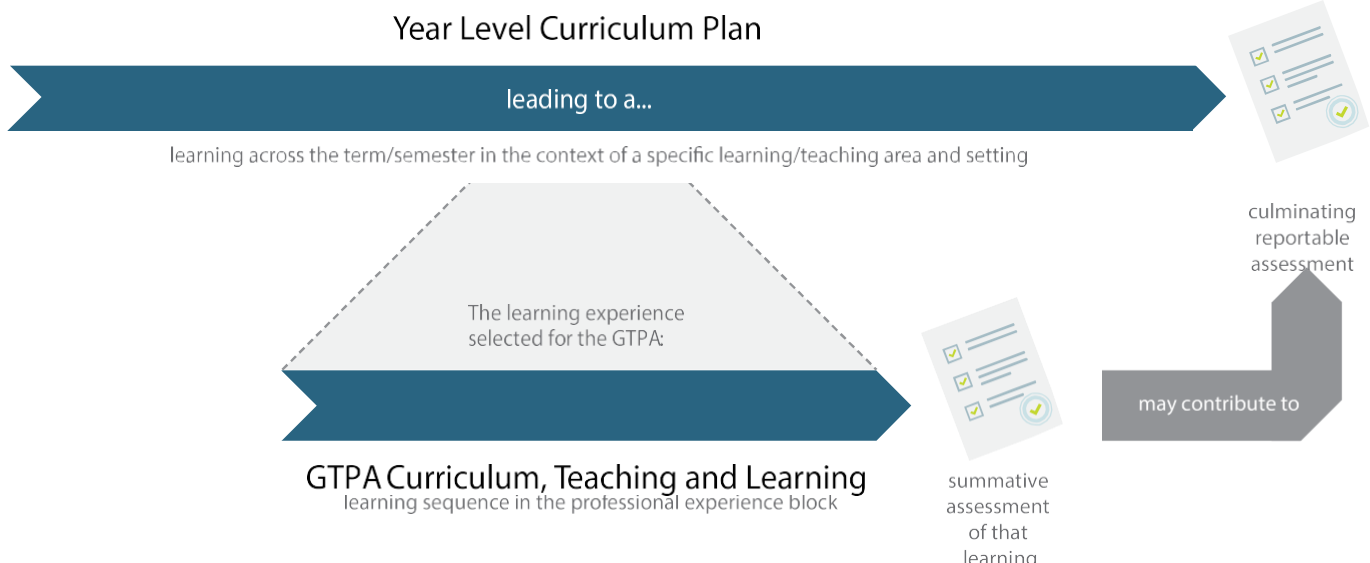

The assessment is authentic in the way it addresses:

1. Pre-Service Teacher's curriculum decision-making and pedagogic practices based on student data and evidence of learning; and
2. the learning experience for both the Pre-Service Teacher and their students.

The objective of the GTPA is to enable Pre-Service Teachers to demonstrate their ability to engage with the full cycle of teaching practice in a final-year Professional Experience placement. They will be required to interpret a range of data and evidence of learning to inform practice. They will also modify teaching and assessment practices according to their student's specific learning needs. Throughout the process of completing the GTPA, Pre-Service Teachers reflect on the effectiveness of their practice and identify its impact on student learning.

Diagram 1: Relationship of the GTPA to classroom learning context

Diagram 1 illustrates relationship between the classroom context. Year level curriculum plan and the GTPA learning sequence. It also shows relationship between the teaching, learning and assessing cycle, including the summative assessment implemented in the GTPA, and the culminating reportable assessment that is a part of the class and school program.

Fact sheet - Schools and supervising Teachers

How does this assessment fit with other evidence of Pre-Service Teachers' skills? Are all Graduate Teacher Standard descriptors addressed in the GTPA?

The GTPA incorporates Graduate Teacher Standard descriptors aligned to the teaching cycle in interrelated, authentic ways.

The assessment covers 23 descriptors (Table 1) and 13 additional descriptors dependent on the Professional Experience context. Please note that the GTPA Pre-Service Teacher Booklet addresses responsibilities for meeting APST 7.1.

The GTPA will complement academic course work and Professional Experience reports within the accredited program in providing multiple opportunities for preservice Teachers to meet all descriptors at the Graduate level.

How does the GTPA meet Program Standard 1.2?

The GTPA is aligned with the National Program Standards, with a specific focus on Program Standard 1.2. This standard requires Pre-Service Teachers to undertake an assessment that focuses on the interrelated elements of classroom practice - planning, teaching, assessing and reflecting. The Graduate Teacher Standards are embedded within the GTPA.

The GTPA offers a set of clear, measurable and justifiable achievement criteria for assessing performance. This approach is combined with internal moderation and cross-institutional moderation for comparability purposes.

Fact sheet - Schools and supervising Teachers

2. GTPA implementation – roles and responsibilities

Who is responsible for assessing the GTPA?

Although the GTPA is undertaken during a final-year Professional Experience placement, responsibility for assessment of the GTPA rests with the higher education institution (HEI). The GTPA is graded by Teacher educators within the HEI. It is complementary to, but separate from, the Professional Experience Report.

What is the role of the supervising Teacher regarding the GTPA?

The GTPA constitutes the core planning, teaching and assessing work of the Pre-Service Teacher. It should not involve additional administrative or workload responsibilities for Teachers and schools. The role for the supervising Teacher is consultative and advisory in nature. It could include, for example, assisting the Pre-Service Teacher to select student data and evidence representing the range of capabilities in the class and the relevant achievement standards. It also includes engagement in moderation discussions to review Pre-Service Teacher use of standards and criteria, as used in the school context. If there are any contextual issues that may preclude Pre-Service Teachers from fully completing the GTPA, the HEI should be notified.

What communication should schools receive from HEIs prior to preservice teachers undertaking their final-year Professional Experience?

It is expected that HEIs will undertake timely discussions with their partner schools to communicate the purpose of the GTPA and the timing of the assessment in the approved programs. Roles and responsibilities will be explained and clarified to assure school personnel that the GTPA is not an additional workload demand, but rather a part of the further strengthening of ITE programs.

What was the outcome of the 2017 Trial?

The Trial of the GTPA was completed successfully in 2017. The Trial included the validation of the instrument, standard setting, moderation, and the setting of the cut-score (minimum acceptable level).

Has the GTPA been reviewed by the National Expert Panel?

The National Expert Panel, convened by the Australian Institute for Teaching and School Leadership (AITSL), has reviewed the GTPA and supporting Trial evidence. The Panel endorses the GTPA as meeting the requirements necessary for satisfying Program Standard 1.2, if implemented as intended. The GTPA is now available for implementation by Australian Higher Education Institutions, consistent with conditions established by ACU.

About the Graduate Teacher Performance Assessment

What is the Graduate Teacher Performance Assessment?

The Graduate Teacher Performance Assessment (GTPA) is an integrated competence assessment that connects the academic program and the placement program in schools. It requires Pre-Service Teachers to connect research, theory and practice. The GTPA is a single authentic assessment undertaken for summative purposes in a final-year Professional Experience placement. It includes five practices: planning, teaching, assessing, reflecting and appraising. It provides evidence of competence for classroom practice and ability to meet the Australian Professional Standards for Teachers at the Graduate level (Australian Institute for Teaching and School Leadership [AITSL], 2011, www.aitsl.edu.au).

Why has the GTPA been developed?

In a move to drive improvement in initial Teacher education (ITE), the Education Council, comprising all Australian Education Ministers, endorsed the revised *Accreditation of Initial Teacher Education Programs in Australia: Standards and Procedures* in December 2015, updated in 2018. Program Standard 1.2 requires that 'pre-service Teachers ... have successfully completed a final-year teaching performance assessment prior to graduation' (p. 10)

The GTPA is a research-informed teaching performance assessment developed to:

- meet the new national requirement for all Pre-Service Teachers to undertake a summative assessment to demonstrate professional readiness.

- enable Pre-Service Teachers in their final year to demonstrate their ability to engage with the full cycle of teaching practice.
- enable Pre-Service Teachers to demonstrate the impact their teaching has had on student learning.
- incorporate planning, teaching, assessing, reflecting on and appraising teaching practices as an integrated process.
- promote strong partnerships across universities, Teacher employers, state-based regulatory authorities and other education stakeholders.
- produce previously unavailable evidence of graduate competence aligned with the Graduate Teacher Standards.

The large-scale nationwide Trial of the GTPA was completed in 2017. The Trial included the validation of the instrument, standard setting, moderation, and establishing the standard at the minimum acceptable level. The GTPA was endorsed by AITSL in January 2018 for implementation nationally.

The objective of the GTPA is to provide an opportunity for the Pre-Service Teacher to demonstrate their competence for professional practice.

graduatetpa.com.au

© Australian Catholic University Limited (ABN 15 050 192 660)

How does the GTPA work in different Professional Experience contexts and across early years, primary, secondary, or special education sites?

The GTPA is designed to enable the Pre-Service Teacher to demonstrate planning, teaching, assessing, reflecting and appraising of teaching practices regardless of school context, year level of teaching, or discipline/curriculum or content area or speciality. This includes a primary teaching specialisation, a teaching major in secondary education, or teaching in a special education site.

How does this assessment fit with other assessments across the Teacher education program?

The GTPA will complement academic course work and Professional Experience reports within the accredited program in providing multiple opportunities to meet Standard descriptors at the Graduate level.

The GTPA incorporates Graduate Teacher Standard descriptors aligned to the teaching cycle in interrelated, authentic ways.

How does the GTPA meet Program Standard 1.2?

The GTPA is aligned with the National Program Standards, with a specific focus on Program Standard 1.2. This standard requires Pre-Service Teachers to undertake an assessment that focuses on the interrelated elements of classroom practice inclusive of planning, teaching and assessing. The GTPA has

been endorsed as offering a set of clear, measurable and justifiable achievement criteria for assessing performance.

The criteria are used in a well-developed, validated quality assurance system

that combines internal and external moderation. This system ensures that a common, established standard is applied across all participating Teacher education providers.

In order to meet Program Standard 1.2, the following conditions must be satisfied to assure the fidelity of the GTPA as implemented:

1. The GTPA is a summative assessment to be completed in a final year, sustained Professional Experience placement of four weeks duration (minimum).
2. The GTPA is to be undertaken in one class with a focus on a single curriculum area or integrated teaching unit. Pre-Service Teachers demonstrate their practices in a significant learning sequence taught across the duration of the Professional Experience placement. The learning sequence is to be implemented across a significant series of teaching episodes/lessons that have clearly defined learning goals.
3. In responding to the GTPA, Pre-Service Teachers present their practice in the teaching, learning, and assessing cycle in a whole class context, and with differentiation for small groups and individual learners.
4. The GTPA is to be completed as an integrated, intact assessment giving Pre-Service Teachers an opportunity to demonstrate the specified GTPA practices of planning, teaching, assessing, reflecting and appraising.
5. The completed GTPA is a single submission, that is, it is not to be submitted in parts over time.
6. Pre-Service Teachers submit their completed GTPA within two weeks of concluding a final year Professional Experience placement.
7. On submission, the completed GTPA is to be accompanied by the Pre-Service Teacher's signed declaration that it is original work, undertaken over the full course of the Professional Experience placement, and not previously submitted for credit in their program or elsewhere. Where other materials are included in the submission (e.g., commercial materials, resources developed by supervising Teachers and other school staff), they are to be acknowledged and appear in the references.
8. Assessment (scoring and internal moderation) of completed GTPAs is to be undertaken by Teacher educators with relevant curriculum content knowledge and pedagogic expertise.

What kind of student data and evidence supports completion of the GTPA?

The data of student learning that is collected, analysed and used for the GTPA is of the range and type that the classroom Teacher accesses to inform decisions about planning for optimal student learning. This may include data for formative and summative purposes, and for whole class, small group and individual teaching. Please note that in using the data to inform teaching decisions, Pre-Service Teachers are bound by professional codes of conduct, including confidentiality.

What makes this an authentic task?

The assessment is authentic in the way it addresses:

1. the alignment of curriculum, assessment and pedagogy, as well as general capabilities including literacy and numeracy as part of the requirements in the Australian Curriculum;
2. curriculum decision-making and pedagogic practices informed by student data;
3. the learning experience for the full range of students in the class;
4. the preparedness of the Pre-Service Teacher to demonstrate the full cycle of teaching, learning and assessment;
5. Pre-Service Teachers' practices and reasoning about how their teaching meets individual students' learning needs.

GTPA implementation: roles and responsibilities

Who is responsible for assessing the GTPA?

Responsibility for scoring the GTPA rests with the higher education institution (HEI). The GTPA is graded by Teacher educators within the HEI. It is complementary to, but separate from, the Professional Experience Report.

What is the role of the supervising Teacher regarding the GTPA?

The role of the supervising Teacher is primarily consultative and advisory in nature. It could include, for example, assisting the Pre-Service Teacher to select student data representing the range of capabilities in the class and the relevant achievement standards. It also includes the Teacher and the Pre-Service Teacher undertaking moderation discussions to review the use of standards and criteria in assessing student work.

It should not involve additional administrative or workload responsibilities for Teachers and schools in implementing the GTPA.

The GTPA constitutes the core planning, teaching and assessing work of the Pre-Service Teacher.

If there are any contextual issues that may preclude the Pre-Service Teacher from fully completing the GTPA, the HEI should be notified.

What communication should supervising Teachers and schools receive from Teacher education providers about the GTPA?

It is expected that HEIs (higher education institutions) will undertake timely discussions with their partner schools to communicate the purpose of the GTPA and its function in the Teacher education program. Roles and responsibilities **will** be explained and clarified to assure school personnel that the GTPA is not an additional workload demand on Teachers, but rather a part of the further strengthening of ITE programs and partnerships.

The GTPA is aligned with the National Program Standards. Graduate Teacher Standards are embedded within the GTPA. For details on the Standards see www.aitsl.edu.au
