## **Preface from the Director of Professional Experience**

Thank you for participating in the professional experience program of The University of Queensland, School of Education Professional Experience Program – Bachelor of Education (Secondary) dual degree.

The University is extremely grateful to those schools and Teachers who are actively involved in mentoring and supporting our Pre-Service Teachers during their professional experience.

We appreciate the ways in which practical experience in a school setting provides our students with the opportunity to expand both breadth and depth of experience.

The work undertaken by school-based personnel, and the time and commitment you offer to work with our Pre-Service Teachers, is central to the success of the professional experience. We hope that the experience is also of professional value to you.

This handbook contains essential information for school-based personnel, Pre-Service Teachers and UQ professional experience facilitators.

The policies, professional experience structure and different roles of each of the stakeholders in the Bachelor of Education (Secondary) dual degree professional experience program have been intentionally made available to all parties so that everyone involved is able to fully engage in, and meet the requirements of, each professional experience.

I hope that you enjoy The University of Queensland's Bachelor of Education (Secondary) dual degree professional experience program.

Dr Stevie Hepburn  
Director of Professional Experience

## 1 Bachelor of Education (Secondary) dual degree Overview

The Bachelor of Education (Secondary) dual degree is an undergraduate Teacher preparation program meeting the Queensland College of Teachers requirements for entry into secondary teaching. This unique dual degree structure allows students to study a Bachelor of Education concurrently with another Bachelor degree at the University, for example, Bachelor of Arts, Bachelor of Business Management, Bachelor of Mathematics, Bachelor of Music (Honours) or Bachelor of Science. This non-education degree provides students with the specialist knowledge and skills for their teaching area.

The structure of the dual degree not only provides the competitive advantage of having two degrees upon completion but allows students to complete them in less time than if each were studied separately. The dual degree program requires four years of full-time study (or five years for the Bachelor of Music Honours program) and is designed to develop Teachers who will work across the secondary year levels in a variety of school contexts and sectors. The program has been purposely structured to include periods of on-campus lectures, tutorials and workshops, alternated with professional experience placements in schools.

### 1.1 The Developmental Continuum for Professional Experience for students commencing prior to 2025

## Bachelor of Education (Secondary) Dual Degrees: The Developmental Continuum for Professional Experience

## 2.2 EDUC2601 Literacies within and across the Curriculum

This course includes a 10 day professional experience placement. Literacy is essential for students to be successful in and out of school and to participate effectively in society. Literacy involves more than engagement with traditional texts that require skills in reading, writing, speaking, listening and viewing, but also encompasses the knowledge, skills and dispositions to use language confidently for different purposes in a variety of contexts. In this course, students will discuss contemporary theories and issues for teaching and learning literacy in the 21st century. They will reflect on their own personal literacy capabilities and their role as a Teacher of literacy in their teaching areas. They will also investigate how literacy is represented in different teaching areas in curriculum documents. The course will enable students to understand how they can support students with diverse needs in their teaching area to become powerful language users able to effectively comprehend, compose and create texts – including digital and multimodal texts through judicious selection and evaluation of resources and pedagogies. Students will also develop their skills in research, analysis, evaluation and communicating with others.

## 2.3 EDUC3605 Building Professional Knowledge

Teaching is a multi-faceted profession. Becoming a Teacher requires commitment and dedication to lifelong learning and personal growth through reflection. This course introduces school life through workshops and school visits. Observation of practice will enable the opportunity for personal development and growth and practice in the design and implementation of lessons or segments of lessons will feature. Therefore, the course focuses on the development of planning for lessons and segments of lessons along with the development of observation skills and understanding the importance of communication in a school context.

This course is developmental and will be the basis for the professional experience courses in the Professional Year and therefore must be done in the semester prior to commencement. This course contains 5 single days and a two-week block following the exam block in a school setting.

## 2.4 EDUC4615 Developing Professional Practice 2 Overview

Through a 30-day block of professional experience this course provides a further introduction to the practice of teaching and demonstrates the ongoing importance of creativity, initiative and personal autonomy in teaching. The professional experience provides opportunities for purposeful and insightful supervised experiences to develop Pre-Service Teachers' understandings of themselves as Teachers, the students they will teach, the contexts in which they will teach and the teaching/learning process. Observation of practice will continue to provide Pre-Service Teachers with opportunities to critically reflect on and improve their own practice. Another feature of the course will be the ongoing practice in the design and implementation of units/lessons and assessment.

This course is developmental and builds on EDUC3605 providing a basis for the subsequent course EDUC4625. The course will also incorporate and implement knowledge and skills developed across the Bachelor of Education (Secondary) dual degree program so far.

## 2.5 EDUC4625 Achieving Professional Engagement Overview

This is the final professional experience course in the Bachelor of Education (Secondary) dual degree program and, as such, the end point is for Pre-Service Teachers to have achieved the Australian Professional Standards for Teachers at a Graduate stage. Becoming a Teacher requires commitment and dedication to both lifelong learning and personal autonomy.

This 30-day block of professional experience demonstrates a movement along a developmental continuum where Pre-Service Teachers increasingly take on the roles and responsibilities of Teachers to enter a phase of critical reflection and evaluation of their growth and development. This course focuses on the lifelong importance of professional learning to improve knowledge and practice and reinforces the critical need for ongoing engagement with colleagues, parents/carers and the community to build and foster supportive relationships.

#### **On-campus activities: Lecture 6 x 1 hour, 6 x 2 hours**

##### **Examples of topics included in the workshops:**

- Classroom organisation and behaviour management strategies and skills (continued);
- Verbal and non-verbal communication strategies to support engagement in the classroom (continued);
- Setting learning goals that provide achievable challenges for students of varying abilities and characteristics – making links with curriculum requirements and knowledge of how students learn (continued);
- Planning for and implementing effective teaching and learning;
- Using assessment data within a secondary context –systemic and class-based – to evaluate student learning and modify teaching practice;
- Understanding secondary assessment requirements, moderation of assessment, reporting mechanisms and the purpose of keeping accurate and reliable records;
- Continue to engage in professional learning and critical reflection as a graduate Teacher (including adapting/modifying professional learning goals for entry to the profession);
- Engage professionally with colleagues, parents/carers and the community (strategies for involving parents/carers in the educative process);
- Continue to understand the legislative, school and employing authority requirements and ethical principles and practices in the teaching and learning process.

## **Placement information and assessment for EDUC4625**

**Duration:** 6 week block (30 days)

**Description:** Supervised teaching and ongoing observation of practice (full lessons at 50% teaching load).

### **Areas for Pre-Service Teacher observation:**

- Assessment moderation (internal and external to a classroom and school)
- How student assessment data – systemic and class-based – is used to evaluate student learning and modify teaching practice
- The range of different strategies for reporting to students and parents/carers on student achievement
- Professional learning opportunities available to Teachers in schools
- How Teachers apply professional learning to improve student learning
- Teacher engagement with the following: colleagues, parents/carers and professional teaching networks

**Assessment:** Interim evaluation, Final Professional Experience Recommendations Report (see Appendix A)

**Australian Professional Standards assessed within the school placement:** 1.1, 1.3, 1.4, 1.5, 1.6, 2.1, 2.2, 2.3, 2.4, 2.5, 2.6, 3.1, 3.2, 3.3, 3.4, 3.5, 3.6, 3.7, 4.1, 4.2, 4.3, 4.4, 4.5, 5.1, 5.2, 5.3, 5.4, 5.5, 6.3, 7.1, 7.2, 7.3, 7.4

*Pre-Service Teachers also undertake the **Graduate Teacher Performance Assessment (GTPA)** task in this course (please note - this task is assessed by the university only). The GTPA is an integrated assessment that connects the academic program and the professional experience, and in so doing connects research, theory and practice. The GTPA is a single culminating authentic summative assessment designed to demonstrate Pre-Service Teachers' ability to meet the Graduate Teacher Standards and to plan, teach, assess and reflect on their final-year professional practice (see Appendix B & C for further information).*

To be successful, the Pre-Service Teacher, on completion of the final professional experience must meet the Australian Professional Standards for Teachers (Graduate Career Stage) as adopted by the QCT by:

- Demonstrating a sound understanding of the importance of appropriate values and dispositions for teaching.
- Demonstrating the required level of performance in the three domains of professional knowledge, professional practice and professional engagement by designing and managing individual and group learning experiences that:
  - develop students' language, literacy and numeracy
  - are intellectually challenging
  - are responsive to the learning strengths and needs of students from diverse linguistic, cultural, religious and socioeconomic backgrounds
  - incorporate effective assessment and reporting of student learning
- Building effective relationships both within and beyond the school, that:
  - support the social development and participation of young people
  - create safe, supportive and stimulating learning environments
  - foster effective relationships with families and the community
  - contribute to effective professional teams
- Demonstrating their commitment to professional reflective practice and ongoing professional renewal.

## 1 The Final Professional Experience Recommendations Report

In the final week of the professional experience for EDUC4625, the supervising Teacher prepares the **Final Professional Experience Recommendations** report, available on the School of Education website.

The Final Professional Experience Recommendations report is a state-wide evaluation report used to assess Pre-Service Teachers on their final placement. The goal of this document is to measure the standard that has been achieved by a Pre-Service Teacher at the end of an initial Teacher education program, by comparing it against the Australian Professional Standards for Teachers (APST) Graduate Career Stage. Achieving the Graduate Career Stage illustrates readiness of the Pre-Service Teacher to enter the workplace.

**In order to successfully pass this final practicum, Pre-Service Teachers MUST receive ticks for ALL criteria in either the Graduate level (G) or Exceeding Graduate level (E) columns.** If a supervisor believes a Pre-Service Teacher will not meet at least Graduate level for all criteria, UQ must be contacted immediately and the **at risk of failing process** started straight away. If the supervising Teacher have concerns regarding a Pre-Service Teacher's progress, please contact the relevant UQ Facilitator in the first instance.

This document must be completed electronically and requires the use of digital signatures by all parties involved in completing the report. The following process should be followed:

- The Pre-Service Teacher must fill out page 4 of the report prior to the report being completed by the supervisor. The report must also be completed in collaboration with UQ, for example, any concerns or queries should have been identified by the school during the interim period. There will be further opportunity for the school to discuss/moderate a Pre-Service Teacher's progress when the UQ facilitator attends the school to observe a lesson.
- Once the report has been completed by the supervising Teacher, the Pre-Service Teacher signs the report to indicate that they have read it (Section 9 - Signatures).
- The report is then signed by the supervising Teacher (Section 9 - Signatures).
- The school coordinator of Pre-Service Teachers must sign Section 8 - Moderation.
- The Pre-Service Teacher retains an electronic copy.
- The school coordinator of Pre-Service Teachers retains an electronic copy for the school records.
- It is the Pre-Service Teacher's responsibility to also upload the report to Blackboard in order for the UQ facilitator to sign the report (Section 8). The university will not consider the report finalised until it contains the following signatures: Pre-Service Teacher, supervising Teacher, school coordinator and UQ facilitator.

## 2 Monitoring Pre-Service Teacher performance

To be successful the Pre-Service Teacher must:

- Demonstrate:
  - a commitment to the profession of teaching
  - evidence of critical reflection directed towards improvement of teaching competencies
  - a sound knowledge of the content, processes and skills of the areas they teach
  - a sound knowledge of the relevant school policies on language, literacy and numeracy
  - a sound fundamental knowledge of the central concepts, modes of inquiry and structures of the discipline areas they teach
  - the use of appropriate strategies to establish learning environments in which individual and group differences are valued and respected and all students are treated equitably
  - the ability to work in partnership with other Teachers, professionals, paraprofessionals, Teacher aides and other relevant adults
  - the ability to set and meet personal work-related goals and priorities
- Establish learning goals and design learning plans that reflect relevant curriculum frameworks and are consistent with relevant school programs and policies.
- Communicate learning goals and plans to students.
- Select and use teaching and learning strategies and resources that are relevant to the specified learning goals and the learning needs of the students.
- Teach the language, literacy and numeracy skills necessary for students to achieve identified learning outcomes.
- Identify and know how to apply school and employing authority policies and procedures with regard to behaviour management and student safety.
- Identify and apply behaviour management strategies in a fair, sensitive and consistent manner.
- Know when and where to seek advice on matters associated with student learning and behaviour.
- Develop respectful, positive and constructive relationships that support students and foster positive attitudes to learning.
- Use teaching time, materials, resources and physical space effectively to establish a challenging, safe and supportive learning environment.
- Perform teaching and non-teaching duties in a manner that is consistent with employing authority and school policies and procedures and legal and ethical obligations of Teachers.
- Actively participate in any mentoring, coaching and other professional learning programs offered.

### 4.1 Concerns regarding Pre-Service Teacher professionalism and/or performance

The School of Education must be notified immediately in any case where the Pre-Service Teacher has failed to:

- Comply with the school's policy for the protection of young people.
- Comply with the school's policy on occupational health and safety.
- Comply with any lawful direction given by school supervising staff.
- Act in a professional manner.
- Meet attendance requirements.

At any stage of the supervised professional experience, if there are any concerns about the demonstrated performance of a Pre-Service Teacher the University should be contacted immediately. In the first instance, **contact the UQ Professional Experience Facilitator**. In the few cases where the placement school has concerns, it is critical that the process required under the University of Queensland Policies and Procedures for Placements is followed.

### *The “At-risk” procedure - dealing with concerns regarding Pre-Service Teacher performance*

Concerns regarding Pre-Service Teacher performance involves open discussion and the close cooperation of all parties involved in the placement to ensure the best outcome. In most of these cases, structured analysis of the problem, quick intervention and timely direction will lead to success. If at any time during that period of supervised teaching practice there is any concern that the Pre-Service Teacher **may not be successful** the “**At Risk of Failure**” procedure must be followed.

- An “At Risk” interview (initiated by the school or UQ Facilitator) must be arranged with the Pre-Service Teacher, school professional experience coordinator, the supervising Teacher/s and the UQ Facilitator or representative from the School of Education. At this interview the Pre-Service Teacher must be notified that they are considered at risk of failure. The school professional experience coordinator outlines the concerns and provides guidelines for addressing the concerns.
- An “At Risk of Failure” form found on the relevant course page on the School of Education’s website <https://education.uq.edu.au/thank-you-mentoring-years-cohort--Teachers- university-queensland> .
- For Part A of the at-risk process, areas of concern are identified in writing at the at-risk meeting, which is attended by the Pre-Service Teacher, school professional experience coordinator, supervising Teacher and UQ facilitator. All parties identify actions or strategies that will be put in place by the Pre-Service Teacher to try and improve in the identified areas. Part A of the form is signed by all parties. The original should be given to the Pre-Service Teacher, one copy emailed to the School of Education and copies retained by the school.
- After the at-risk meeting in Part A, the Pre-Service Teacher is provided with an opportunity to consult one-on-one with the UQ facilitator to raise any issues of concern.
- Following the at-risk meeting for Part A of the process, the Pre-Service Teacher is strongly encouraged to complete a personal reflection and detailed action plan for how they will aim to improve in the identified areas.
- In the lead-up to the review meeting (Part B of the process), the facilitator checks in with the placement school and the Pre-Service Teacher as to the progress of the Pre-Service Teacher.
- Improvement to a predetermined satisfactory standard in the areas identified in Part A of the at-risk process must be shown by the Pre-Service Teacher within one week of the meeting date. At the review meeting (Part B of the at-risk process), which is attended by the UQ facilitator, all parties are to advise to what extent there has been improvement in the areas of concern identified in Part A. At this point the school and supervising Teacher indicate whether or not the Pre-Service Teacher has demonstrated satisfactory improvement to continue with the professional experience placement. If progress has been demonstrated and if needed, the plan is revised and new/continuing steps are outlined so the process is iterative to ensure progress continues. If there is not satisfactory progress made and it appears unlikely the Pre-Service Teacher can be successful in the placement, the school can decide to terminate the placement.
- The outcome of the Pre-Service Teacher’s professional experience placement will be formally documented on Part B of the “At risk of Failure” form. The original should be given to the Pre-Service Teacher, one copy emailed to the School of Education and copies retained by the school.
- The placement school’s final decision is then communicated to the Director of Professional Experience/or Course Coordinator via the facilitator.
- The Director of Professional Experience/or Course Coordinator makes contact with the Pre-Service Teacher regarding their options for moving forward with the program.

### 3 Reporting Pre-Service Teacher performance

Feedback on progress, in the form of feedback provided in notes written on lesson plans or on the Lesson Analysis form available on the School of Education website, should be provided for each lesson taken by the Pre-Service Teacher.

In both EDUC4615 and EDUC4625 a supervising Teacher completes an **Interim Evaluation** on Pre-Service Teacher Progress (available on the School of Education website) towards the end of week three (half way point) in the placement. This form should be signed by the Pre-Service Teacher, supervising Teacher and the school coordinator before the Pre-Service Teacher uploads the report to their UQ Blackboard site. The Pre-Service Teacher retains the original copy of this report. If the supervising Teacher/school are concerned with the progress of the Pre-Service Teacher an **'at risk' of failure form** must instead be completed.

In the final week of the professional experience, the supervising Teachers will prepare the **final evaluation report** which is available on the relevant course page on the School of Education website [Professional Experience \(PEX\) - School of Education - University of Queensland](#) The Pre-Service Teacher signs the form to indicate that they have read it. The form is also signed by the supervising Teacher and the school coordinator of Pre-Service Teachers. The Pre-Service Teacher retains the original copy. The Pre-Service Teacher uploads the report to their UQ Blackboard site and the school coordinator retains a copy for the school records.

### 4 Roles and Responsibilities

#### 6.1 Pre-Service Teachers' roles and responsibilities

The following summary is taken from the *Policies and Procedures for Professional Experience* document given to Pre-Service Teachers prior to commencement of any in-school professional experience. The full document can be viewed here [Policies and Procedures document for Professional Experience.pdf \(uq.edu.au\)](#)

##### *Commencement of the professional experience - Orientation, Observation and Planning*

The orientation, observation and planning period at the start of each professional experience placement provides Pre-Service Teachers with an introduction to the context of the school and the classroom. During this period of time Pre-Service Teachers will:

- Upon receiving their placement information, make immediate contact with the school coordinator to organise arrival/orientation/induction etc.
- Meet school staff and the classes they will observe.
- Begin the structured observations they will continue throughout the professional experience.
- Ensure that they are familiar with school policies including those on occupational health and safety and child protection.
- Familiarise themselves with the school layout, timetable and their own timetable.
- Note times and dates for any particular events such as staff meetings they should attend.
- Assist in the classroom in any way suited to their experience.

##### *Pre-Service Teacher's relationships with school-based supervisors*

As a Pre-Service Teacher you are a guest in the school and, although you cannot legally assume the full responsibilities of a qualified Teacher, you are regarded as a temporary staff member, responsible to the principal. You are required to consult with your school-based personnel, and particularly your supervising Teacher, as frequently as possible. The supervising Teachers are ready to help, but their time is limited and it is your responsibility to find a time to meet within their other commitments.

While in the school you must work in partnership with other Teachers, professionals, Teacher aides and other relevant adults and perform any duties or tasks in a manner that is consistent with the policies and procedures of the employing authority and school, and the legal and ethical obligations of Teachers. Experimentation with a variety of teaching methods is encouraged, but the class remains the

supervising Teacher's responsibility throughout the professional experience, and their advice on what is suitable or practical for the class should be sought and followed.

### ***Pre-Service Teacher's relationships with school students***

The kind of relationship with students to strive for is one based on mutual respect. This can be fostered by quickly learning the names of the students you teach, treating them with courtesy, and maintaining a high level of interest in their progress and in your teaching. You should quickly discover the interests and academic strengths and weaknesses of your students. You should require courtesy and firmly insist on considerate behaviour from them towards you and all others. You should identify and know how to apply school procedures with regard to behaviour management and student safety.

### ***Pre-Service Teacher's participation in general school activities***

Pre-Service Teachers are expected to assist with playground supervision, sports supervision, and other work as requested by school-based personnel during professional experience/field experience. However, while involvement in a wide range of teaching situations is a valuable part of professional experience, Pre-Service Teachers cannot legally take sole charge of school students.

Opportunities for observation and/or participation could be:

- Attendance at staff or faculty meetings
- Involvement in co-curricular activities
- Attendance at school excursions or formal school occasions
- Attendance at professional development activities

### ***Compliance***

- ***Pre service Teachers must have their blue card with them at all times during placement. They must register their blue card with the administration office on the first day of placement or prior, during induction.***

### ***Professionalism***

The School of Education expects that Pre-Service Teachers will demonstrate a professional manner by:

- adhering to the QCT's 'Code of Ethics for Teachers in Queensland' found here <https://www.qct.edu.au/standards-and-conduct/code-of-ethics>
- complying with statutory requirements, in particular with those involving occupational health and safety and child protection. Please speak to your course coordinator for further information.
- maintaining confidentiality and discussing these matters if needed ONLY with the appropriate staff within the School of Education and/or the host school
- respecting the ethos of the host school
- understanding that you are a guest of the host school and you must follow the direction of the Principal or other designated staff
- understanding the role of the supervising Teacher as a supervisor and mentor
- participating fully in the role of a Teacher on the days of attendance. Please refer to section 6.1.6 addressing the 'attendance policy'
- adhering to any dress or conduct codes
- using appropriate language at all times
- not using your mobile phone at all during your professional experience while at your host school, unless under exceptional circumstances
- complying with all other instructions from the host school and UQ staff
- completing all designated tasks according to deadlines and requirements. When observing a class and making notes, these must not be judgmental, as you are not assessing performance. You do not yet have the professional knowledge or experience to do that.
- restricting the scope of the observation to the focus area given to you by the course coordinator or as discussed with your supervising Teacher

Non-compliance with a directive from School of Education or placement school staff may result in a placement being withdrawn. In this instance, you may be required to withdraw from the UQ course with the placement component and if so, you may incur academic penalty or financial liability. You will also be required to complete the course in full in a future semester.

### 6.1.1 Attendance

Supervising Teachers and course coordinators may be required to sign off on the Pre-Service Teacher's 'attendance sheet' to record any single days attended as part of the professional experience.

The School of Education expects Pre-Service Teachers to:

- check the School of Education Professional Experience Calendar found on the School of Education webpage > current students > professional experience <https://education.uq.edu.au/current-students/professional-experience-information>
- check their timetable in MyTimetable to ensure they are available to attend the placement as scheduled.
- be punctual in attendance on all placement days
- arrive/leave the placement in accordance with placement school policy and the requirements of tasks on the particular day. This will include allowing time for discussions with your supervising Teacher or other members of the school staff involved in your placement. As a guideline, you should expect to be at the placement school between 8am and 4pm or as otherwise required by the placement school administration. You may be required to complete lesson preparation and marking outside of these hours, as well as attend before or after school meetings
- report, in the case of absence through illness, to the placement school and follow all relevant procedures in relation to providing any necessary documentation or lesson plans if required. You must also notify the School of Education in writing of the absence and the make-up days negotiated with the school
- provide the School of Education with a medical certificate for absences greater than 3 consecutive days. The placement school *may* request a certificate for less than 3 days as part of the school's absentee procedure
- refrain from leaving early, or display any general lack of punctuality for work/study/social related reasons
- make immediate contact with the school coordinator and provide a detailed explanation of the issue to your UQ facilitator by email in the case of any serious problems arising. In the absence of a UQ facilitator (ie for single day field experience observations) please contact the course coordinator
- make up any days missed due to illness or public holidays etc *except* those Pre-Service Teachers who have a public holiday fall during a multiple week-long professional experience 'block'. Make up days are *not* required in this instance. In the case of single day field experience placements, ensure you schedule your university timetable to avoid placement days clashing with other classes. Alternative placement days cannot be negotiated for personal commitments such as work, sport, or social commitments.
- immediately contact the UQ Placement team if you have an unavoidable timetable clash with your scheduled single day placement day, due to a mandatory class in another course. Evidence must be provided to support this.
- understand that alternative commencement/completion dates for multiple week-long professional experience 'blocks' are not permitted to be changed without prior approval of the Director of Professional Experience, the School of Education and relevant placement school. Alternative dates will not be approved for work, sport or social commitments unless there is evidence of extenuating circumstances.
- realise that if you do not meet the attendance requirements of your professional experience, you may have your professional experience withdrawn. If it is decided the placement needs to be withdrawn, you may also be required to withdraw from the relevant UQ course and will incur any financial liabilities or academic penalties.

### *Lesson Plans*

Pre-Service Teachers are required to:

- Develop written plans for each lesson or segment
- Discuss the lesson/activity plans with the supervising Teacher prior to the lesson/activity. The timing of the initial presentation of the plan to the supervising Teacher is a matter for the supervising Teacher but it is expected that the plan is presented, discussed and approved no later than 24 hours prior to the lesson/activity. **You must not teach any lesson/activity unless the written plan has been presented to, and approved by, the supervising Teacher.**

### *Personal Reflections*

Pre-Service Teachers are required to complete a personal reflection after every lesson, lesson segment or activity presented. This reflection should be approximately **150-200 words** and should consider the following two questions: **what went well and what would you improve for next time.**

### *Observation of lessons*

Pre-Service Teachers are required to observe lessons and to make notes on these observations.

The observation periods are as important as the teaching periods; they will ensure that you experience a wide range of learning situations and interactions with varying age groups.

You should discuss salient aspects of the lesson observed with your supervising Teacher.

Apart from observations of lessons given by school staff, you should make general observations of as many aspects of the life of the school as possible. Observation of and, if applicable, participation in aspects of general school life should continue through the period of the practicum.

Classroom observations are intended to develop understanding of:

- Student learning
- A range of teaching strategies and the way in which these are varied to suit the context and the student group
- The skills and techniques required for effective communication
- The relationship between long and short term planning and successful practice
- The roles monitoring and assessment play in teaching and learning.

## **6.2 Host school personnel roles and responsibilities**

The personnel involved are the school coordinator of Pre-Service Teachers, the supervising Teacher and any other school personnel who take a role in professional experience/field experience supervision of Pre-Service Teachers. The roles and responsibilities outlined below are generic and may be undertaken by other personnel as appropriate.

### *The school coordinator of Pre-Service Teachers*

The school coordinator of Pre-Service Teachers oversees the professional experience within the school.

The school coordinator (or delegate) must induct (e.g. site induction, emergency procedures, incident hazard reporting mechanisms) the Pre-Service Teacher into the school's **Occupational Health and Safety policy** and discuss the ways in which the various aspects of the policy will affect the Pre-Service Teacher during the professional experience. Where possible the Pre-Service Teacher should be supplied with a copy of the policy.

The school coordinator organises supervision and teaching timetables for Pre-Service Teachers.

The school coordinator may arrange meetings with the Pre-Service Teachers, at which advice and information may be given on organisational aspects of the school. Some suggested discussion items include: types of student records, assessment procedures, work programs, school report forms, discipline, parent and community relations, finance, teaching aids, library facilities and staff committees.

The school coordinator may also arrange for the Pre-Service Teachers to confer with key members of the staff, such as the diverse learners coordinator, Teacher librarian or guidance counsellors to provide Pre-Service Teachers with insight into other facets of the life of the school community.

The school coordinator may make arrangements for Pre-Service Teachers to engage in non-classroom experiences such as assisting Teachers with playground supervision and may encourage Pre-Service Teachers to take part in extra-curricular school activities. The Pre-Service Teacher should be told of any policies in regard to the availability and use of ICT and photocopiers.

### *The supervising Teacher*

The supervising Teacher has a key role in the professional preparation of future teaching colleagues by offering close tutorial assistance, support and evaluative advice over the professional experience period.

We require that supervising Teachers:

- Have at least 2 to 3 years of teaching experience and must have full Teacher registration status through the Queensland College of Teachers
- Are recommended/identified as a suitable mentor by the Principal/Deputy Principal/Head of Department/Lead Teacher
- Have a genuine interest in helping to support, guide and mentor Pre-Service Teachers
- Understand and appreciate that working with Pre-Service Teachers is a mutually beneficial experience
- Are able to liaise with our UQ Professional Experience Facilitators in the interests of improving the performance of our Pre-Service Teachers

We request that supervising Teachers offer the following guidance to Pre-Service Teachers. This statement is based on the Agreement on Teaching Practice negotiated by the Teachers' Unions and Universities.

- During the first day of the placement, discuss an appropriate pattern of observations and teaching with the Pre-Service Teacher.
- Provide induction on school policies and procedures particularly OH&S and Child Protection policies (this may also include providing Safe Operating Procedures for classes in labs).
- Provide the Pre-Service Teacher with copies of, or access to, the relevant portions of the school work program or planning documents, and with details of teaching topics, timetables and resources. This enables preparation in advance of lessons and/or units or sequences of lessons.
- Advise the Pre-Service Teacher on planning a sequence of lessons and learning experiences appropriate to the age, abilities and motivational levels of the class members, and to the stage of development of the Pre-Service Teacher.
- Peruse any Pre-Service Teacher's lesson or unit plans before the lesson or unit, and provide any help that seems appropriate. Pre-Service Teachers should not teach any lesson unless the written plan has been submitted to the supervising Teacher for review prior to the implementation of the lesson.
- Comment on lessons given, verbally and/or by means of written comment at the foot of the lesson plan or on the template provided. The performance indicators set out in the Professional Experience Evaluation should be used to provide formative evaluation.
- Provide guidance on class management procedures and on the broader school policies and procedures.
- Provide a wide range of observation situations.
- Discuss class evaluation (feedback) and assessment procedures with the Pre-Service Teacher.
- Foster a 'co-Teacher' or 'teaching colleague' or 'mentoring' relationship with the Pre-Service Teacher.
- Provide guidance on overall development as a Teacher.

### 6.3 UQ School of Education Professional Experience Facilitators roles and responsibilities

The University of Queensland has facilitators (experienced educators) who provide ongoing contact between Pre-Service Teachers, school staff and The University of Queensland during the professional experience when appropriate.

The UQ facilitator:

- Provides support for Pre-Service Teachers, supervising Teachers and the school coordinator of Pre-Service Teachers.
- Makes contact with the school coordinator of Pre-Service Teachers early (first week) in the professional experience.
- Negotiates a pattern of contact and visits. Time constraints may make a visit impractical in some cases involving a rural placement. In these cases contact will be by e-mail, Zoom and phone.
- Follows school policy with regard to contact with the school coordinator of Pre-Service Teachers and supervising Teachers.
- Meets with each Pre-Service Teacher on each visit to the school at mutually suitable times.
- Arranges meetings with both the supervising Teacher and the Pre-Service Teacher together at least once during the professional experience, where possible. If all is going well this can be brief and informal.
- Provides emergency contact details to the school coordinator of Pre-Service Teachers with alternate contact available via the UQ Professional Experience Placements Coordinator. The UQ facilitators may provide phone and e-mail contacts for authorised school staff use only.
- Provides support and advice in any case where there is evidence that a Pre-Service Teacher is not performing at a satisfactory level in any areas of the evaluation, fails to behave in a professional manner or breaches school policies/procedures or statutory requirements.
- Participates in at-risk meetings if any are held and submits at-risk documents to the School of Education.
- Follows-up on remediation programs that may have been put in place for a Pre-Service Teacher.
- Observes practice where this is a requirement of the particular professional experience or is requested by the Director.

## 5 Resources for Supporting Supervising Teachers

Schools and Teachers play an integral role in the professional experience and, therefore, the School of Education recognises and acknowledges the importance of providing ongoing support and professional development to the school site coordinators and supervising Teachers that host and supervise our Pre-Service Teachers. The supervising Teacher/Pre-Service Teacher relationship has the potential to be mutually beneficial and as such there are a number of resources, documents and programs that are available to best support and facilitate this effective partnership. Support materials are available through the School of Education, the Queensland College of Teachers and the Australian Institute of Teaching and School Leadership.

### **The School of Education (UQ)**

During the year the School of Education invites interested supervising Teachers to attend the Supervising Teacher training program which was developed by the QCT and the Department of Education and Training. The purpose of this training package is to support supervising Teachers in interpreting the Australian Professional Standards for Teachers (Graduate career stage) and the evidence requirements for professional experience assessment decisions regardless of context.

The School of Education website also provides access to lesson analysis feedback templates and other documentation that are designed to assist supervising Teachers during the professional experience.

## Queensland College of Teachers (QCT)

The QCT has produced a companion document to support supervising Teachers in making evidence-based, consistent decisions and providing constructive feedback about the Pre-Service Teachers' demonstration of the *Australian Professional Standards for Teachers* (Graduate career stage).

Through the QCT website there are also other resources available to assist supervising Teachers to support and assess Pre-Service Teachers during professional experience placements, and to build knowledge and skills in mentoring.

## Australian Institute of Teaching and School Leadership (AITSL)

Supervising Pre-Service Teachers is an interactive and self-directed online professional learning program aimed at enhancing Teachers' knowledge, skills and confidence to effectively supervise Pre-Service Teachers.

The program is relevant to Teachers who are supervising a Pre-Service Teacher or thinking about a supervisory role. It may also be useful for school leaders, school-based practicum coordinators, and those taking on other mentoring roles.

The program consists of four flexible learning modules:

- effective partnerships
- practice analysis
- making judgements
- unpacking the Graduate Standards
