

School of Education

Strategic Vision

Our Vision

Walking with communities to transform futures.

Our focus areas

- 1 Nurturing a compassionate, trusting, inclusive and safe School culture that promotes respect, wellbeing and collaboration.
- 2 Developing culturally responsive staff and students who promote inclusive environments and practices that value Aboriginal and Torres Strait Islander ways of knowing, being and doing.
- 3 Achieving global recognition in educational research that impacts policy and practice and is accessible to students, practitioners, communities and policymakers.
- 4 Embracing codesign with students and communities to develop shared goals and programs that create educational change and transform futures.
- 5 Responding to challenges and opportunities in the teaching profession by supporting a thriving workforce in Queensland and beyond.
- 6 Upholding effective governance and promoting a diverse workforce that enacts the UQ values and creates a high-quality student experience.
- 7 Fostering meaningful reciprocal relationships and knowledge sharing with alumni, school networks, policymakers, UQ Education Society, and other partners.

Our Purpose

We create educational change by centring diverse voices, addressing complex challenges, and cultivating courageous global leaders.
